

## TAPS UKRAINE

TAPS-Ukraine NGO was created in 2018. In 2019 TAPS Ukraine, TAPS USA and the Dnipro City Council signed a tripartite declaration of intent. It provides a common vision of development and mutual support for the fallen Heroes of Ukraine families. TAPS-Ukraine NGO TAPS-Ukraine has already held several events aimed at providing psychological support to families experiencing the loss of loved ones in the war. February 24th, 2022 - the day, when our activity became wider. Due to military escalation on the territory of Ukraine, the organization management made the decision to bring together everyone willing to influence the humanitarian situation in the country and unite their efforts within the Dnipro Volunteer Coordination Center.

[The Dnipro Volunteer Coordination Center](#) became one more type of organization activity. Today it is the community of hundreds of indifferent citizens who created the biggest volunteer organization in the region by implementing their professional skills, and knowledge and learning new ones.

TAPS-Ukraine main aim is to provide psychological and social support to the families suffering the loss of Heroes of Ukraine, to cover humanitarian and military needs of the Armed Forces of Ukraine and the Territorial Defense divisions to provide a place for living for temporarily displaced people from the territory of Kharkiv, Donetsk, Lugansk and Kyiv regions, to ensure that injured soldiers receive everything they need in local military hospitals and clinics on the frontline. We have established cooperation with a number of small and medium businesses, trademarks, and commercial organizations to ensure the humanitarian needs of the city.

The war through the eyes of Ukrainian children.
